

Dear Parents/Guardians,

We are excited to host Camp High Five's 20th summer session this year! Camp High Five is offered **free of charge** to children who are either infected with or affected by HIV/AIDS (i.e. have a sibling with HIV/AIDS, have lost a parent to HIV/AIDS or live with a family member who has HIV/AIDS). We are happy to accept your child(ren)'s application(s) at this time.

This year camp will look a bit different than before due to our commitment to making sure it is safe for everyone while the COVID-19 virus is still present in the world. The following information may change at any time before camp if we learn new information that will either help more or make it difficult to keep everyone safe otherwise:

1. **We STRONGLY recommend that every camper get the COVID-19 vaccine** as soon as they possibly can so they can be fully vaccinated in time for Camp. Please contact your medical provider about the best way to do this. At the time of this letter, children ages 5 to 17 can only get the Pfizer-BioNTech vaccine; children ages 12 years and older are eligible for booster doses.
2. It can take up to 5 or 6 weeks after the first COVID-19 vaccine dose for someone to have the best response to the vaccine. **It is best to start vaccination by June 1, 2022.** However, later vaccination will not keep your camper from Camp.
3. There may be some unvaccinated campers or staff who may not have a strong response to the vaccine because of a weakened immune system. Because of this, **we will continue to require EVERYONE to wear masks indoors** in certain circumstances and on the bus/van to/from Camp. As usual, medical information will be kept confidential by medical staff.
4. We will expect campers and staff to keep a safe, physical distance from each other when together indoors and/or under specific circumstances, such as eating and drinking.
5. We are continuing to require a test for TB. Either the skin or blood test can be done and is best before the COVID-19 vaccine to be sure the vaccine does not affect the TB test. However, please **DON'T WAIT** for a TB test if your camper has the opportunity for a COVID-19 vaccine. The vaccine is priority. Please contact the camper's medical provider about the TB test.
6. All campers will be required to take a COVID-19 test one week before Camp, and during check-in on July 18th. We will make arrangements for and provide more information regarding this closer to camp.

Camp will be held from **Monday, July 18th through Saturday, July 23rd, 2022.** We will, for the first time, use the Camp Jekyll/Georgia 4-H site on Jekyll Island, Georgia. As usual, we will provide round-trip transportation for your child(ren). Parents may drop off campers in Atlanta, Augusta, Albany, Athens, Macon or Savannah on **July 18th** and pick them up on **July 23rd** (locations and times TBA). Children may also be dropped off and picked up from the Camp site. Escort arrangements will be made for children flying in from other states. Qualified children with completed applications will be welcomed on a first-come, first-served basis. Once all beds have been assigned, we will maintain a wait list of eligible children whose applications are complete. Applicants on the wait list will be informed of their admission if/once space becomes available (usually within the week before camp).

We are aware that the cancellation of camp in 2020 and 2021 may have caused some campers to miss their last year of Camp. Because of this, we have made the following exception to our age restriction for the 2022 camp session: ***if your child was 16 years of age in 2020, they are eligible to return this year***, with a completed application, as a camper. *Please note this exception will be made for returning campers only. If your child is new to Camp High Five as of 2022 and will be 17 years of age for the 2022 session, they are **not eligible** to attend Camp High Five this year; they and can begin attending at the age of 18 as a Counselor-In-Training in 2023.*

This year, parents will, once again, have the option to submit camper applications by mail, email, fax or online through our new online platform, Active Works (see application for details). Please note that the full application will be available on Active Works. Active Works will **not** create a record for your camper without your consent. **If you select this option, you will not be required to submit a hard copy of the application.**

If you do not wish to use Active Works to submit your child(ren)'s application(s), please complete and return the enclosed application(s) and mark your calendar. **Applications are due by Monday, June 27th, 2022.** If you have any questions or require additional information, do not hesitate to contact the Camp Director, Michelle Strauss, by phone at (470) 321-3102 X249 or by email at mstrauss@heroforchildren.org. CAMP HIGH FIVE 2022 CAMPER APPLICATION

APPLICATION DEADLINE: MONDAY, JUNE 27, 2022
CAMP DATES: Monday, July 18 – Saturday, July 23, 2022

PLEASE READ THIS PAGE BEFORE BEGINNING THE APPLICATION.

We are looking forward to an exciting camp session this summer! Camp High Five strives to provide a safe, fun, summer camp experience for children infected with and affected by HIV. One of the requirements for camp attendance is that **EVERY** camper knows **before** coming to camp that someone in their family has HIV (and who that person is). If you have any questions about this requirement, please call the Camp Director, Michelle Strauss, at (470) 321-3102 ext. 249 or email her at mstrauss@heroforchildren.org. If this does not pertain to your family, you may return the application to the person who gave it to you, or mail/fax it to H.E.R.O. for Children, Inc. ("H.E.R.O.") using the contact information below.

We are constantly seeking ways to improve our application process to ensure our children have a healthy, happy week at camp. Requirements to achieve this goal include a tuberculosis (TB) screening for all campers, a full immunization record, and medical forms filled out by the Camper's Doctor.

Please give the medical forms (pages 13-15) to the Camper's Doctor or Nurse as soon as possible to give them enough time to complete them. Page 16 is needed for HIV-infected Campers ONLY.

Tuberculosis (TB) screening is **REQUIRED** by all Campers for camp attendance. The tuberculosis screening skin test takes 2 to 3 days to be completed. This may be obtained from the Camper's Doctor or health department for a minimal cost. Please see the next page for information regarding TB skin test deadlines.

In order to be sure your child has everything he or she needs for camp, please read this entire application, complete, sign and submit it by the deadline above. Please use the checklist below and on the next page to ensure the application is filled out completely.

Please mail application to the H.E.R.O. office address indicated below, or return it to your clinic Case Manager.

Camp High Five – Camper Application – 2022

Active Works Notice to Parents

Dear Parents/Guardians,

As an organization, we are constantly looking to improve the accuracy and efficiency of the application process for Camp High Five. We recognize that the application contains private and sensitive data regarding your child and his or her health, and maintaining confidentiality is one of our main goals. Application information is used by camp staff before and during the camp session to ensure that your child has the best possible experience. In prior years, Camp High Five has used CampDoc.com as not only an electronic health record, but to process applications online, as well. This year, for the first time, Camp High Five will use Active Works, an electronic health record system that we have found to be more user-friendly and provides more functionality than CampDoc.com (including the ability to communicate with parents/guardians through the platform). It follows the standards of electronic health recordkeeping that are currently being used by clinics and hospitals nationwide. Active Works information is kept on a secure server behind a firewall, all data is encrypted, and it is password protected to be accessed only by approved Camp High Five staff members. It is very safe and is used by numerous camps around the world. By using Active Works, we are eliminating the possibility of paperwork being lost, stolen, or destroyed. In addition, it allows Camp High Five staff to provide timely and well-informed medical care for your child.

You are invited to choose between submitting the paper application by mail or applying online through Active Works. If you choose not to use Active Works, you may return your Camper's application to the H.E.R.O. office by mail, email at mstrauss@heroforchildren.org, or fax to (470)-321-3106. If you would like to complete our application using Active Works, you may do so by visiting the following link:

If you have any questions regarding Active Works, please visit their website at www.activeworks.com. For specific concerns regarding your Camper's medical information, please contact Camp High Five's Camp Director, Michelle Strauss, at (470) 321-3102 ext. 249 or mstrauss@heroforchildren.org. Thank you for your cooperation.

Camp High Five – Camper Application – 2022

2022 Adolescent Camper HIV Education Waiver

It is our belief that accurate HIV/AIDS education is the best intervention for providing HIV-infected and affected children with the tools needed to live their best lives and to prevent the spread of HIV/AIDS. Therefore, during their week at Camp High Five, campers **13 years of age and older** may be presented with HIV education from staff, which may include medical or social services professionals from Grady Hospital's Infectious Disease Program and H.E.R.O. for Children, Inc.

During this session, explicit material may be discussed and presented, both visually and verbally. This explicit material may include topics such as HIV transmission routes (including sexual transmission routes, intravenous drug use, breastfeeding and blood transfer), condom use, abstinence, disclosure to partners, statistics regarding the HIV virus, medication treatment and adherence, and other related topics that parents may not want to be presented to their children. The session will also feature a question-and-answer portion, and other interactive activities, during which Campers will have the opportunity to voice their questions and/or concerns about these types of topics.

If you would prefer not to have your child receive this type of education, (s)he can participate in an alternate activity planned by other H.E.R.O./Camp High Five or Camp Jekyll/Georgia 4-H staff.

___ I **GIVE** H.E.R.O. for Children, Inc./Camp High Five permission to include my child, _____, who is **age 13 or older**, in the 2022 HIV Education Session. I **acknowledge that I have been advised that I can obtain more information about the specific topics and subject matters that will be presented at the 2022 HIV Education Session by contacting Michelle Strauss, Camp Director, at 470-321-3102 ext. 249 or mstrauss@heroforchildren.org.**

___ I **DO NOT GIVE** H.E.R.O. for Children, Inc./Camp High Five permission to include my child in the 2022 HIV Education Session. I would like for my child to participate in an alternate activity planned by other H.E.R.O./Camp High Five or Camp Jekyll/Georgia 4-H staff.
